Uke Meditation with Daniel Ward

Elderly Instruments

Daniel has written new material specifically meant for “looping”, playing over and over while blending tone, rhythm, and right hand patterns with new chords, melodies, and musical dynamics. This workshop will follow the model of playing slowly and repeatedly through the material until it sinks into your bones. You can use these compositions for warm-ups and to “center” yourself on the instrument. One of the most valuable tools you can have in your ukulele tool box. “Your (Meditation) workshop has had lasting impact on my playing. I am practicing the routines most days, bringing them into my song performances and inventing routines of my own. Thank you for lighting that flame!” Michael Sinclair, workshop attendee (Confident Beginner to Intermediate level.)
