

MUD 2026 Workshop Levels and Offerings v3 (subject to change)

Note: Keep in mind that posted levels can be somewhat fluid depending on the instructor, the subject, and the make up of the class attendees; i.e. a class listed as “Confident Beginner” can be suitable for a Beginning or an Intermediate student. You do not need to pre-register for any of the workshops, just show up and then feel free to discreetly move to a different class if the one you’re in doesn’t suit you.

Beginner

This level has been playing for up to 6 months and has learned 3 – 4 chords but hesitates in between chord changes to move the fingers to the next location.

Confident Beginner

This player knows a handful of chords and can move from one chord to another without pausing. Has trouble with barre chords, and has developed a strum or two or a basic finger pattern for picking.

Intermediate

This player can hold a steady rhythm, and is competent with a variety of basic chords (for example: A, Am, Bb, B7, C, C7, D, Dm, E7, Em, G, and G7. Understands simple chord progressions (such as I, IV, V chords), can sing and strum at the same time, and learns chords to simple tunes fairly quickly.

Advanced Intermediate

This player can hear I, IV, and V chords, has mastered some chord inversions, knows there is life above the fifth, and has been there with barre or four-fingered moveable chords. Plays lead and backup easily with others and keeps steady rhythm.

Baritone-Friendly (BF)

Classes labeled as such can be enjoyed by baritone players. You should know the baritone equivalent of the standard ukulele chords used in the classes as they may not be provided on handouts. If a class is not listed as BF, you may be able to use a ukulele capo.
